Letter of Recommendation Re: Johann Kinting, owner of GolfLondon.ca

This letter is to introduce you to Johann, an enthusiastic and professional individual who has worked within our church/camp organization during the past year introducing us to his new business and his Velcro (SNAG) golf programming.

Johann is a pleasure to work with. He is very energetic, caring and passionate for not only his golf business but also helping people learn a sport which helps to build confidence, skill and esteem. Johann has worked with our children (JK-teens) during our Sunday morning programs as well as our camp programs for children (JK-Gr. 6).

Johann's professionalism is outstanding. He is an excellent communicator, organizer, and administrator paying close attention to details. His demeanor with children is infectious and his enthusiastic passion for teaching and leading young people is well appreciated. When applicable he also incorporates a values and moral component into his golf instruction which helps with the overall theme of our camp and Sunday morning programs.

Our young people have commented on numerous occasions how much fun they have had working with Johann. Many of our children who have been engaged with this program leave with a smile saying "I want to do this again!" Johann also mentors our teenagers whom he invites to be in leadership with him. Together they engage with the children personally, enabling them to feel a connection while learning and having fun.

I am highly recommending Johann and his business to anyone looking to share in a program that is fit for people of all ages and abilities. His program and love for people is remarkable and it is a pleasure to continue our ongoing work with Johann and GolfLondon.ca.
